## OUR MISSION

The MSP Film Society's mission is to foster a knowledgeable and vibrant appreciation of the art of film and its power to inform and transform individuals and communities.

## MINNESOTA'S FOREMOST FILM EXHIBITION ORGANIZATION

Founded in 1962, MSP Film Society, the presenting organization of the Minneapolis St. Paul International Film Festival, is a 501(c)(3) non-profit arts organization with the mission to exhibit the very best of new local, domestic and international independent cinema.

We promote the art of film as a medium that fosters cross-cultural understanding, education, entertainment, and exploration. We offer audiences unique opportunities to experience the wealth of international cinema, to engage with and learn from visiting international filmmakers, and to come together and share these experiences as a community.

The MSP Film Society screens films from around the world daily, produces and presents its annual centerpiece, the **Minneapolis St. Paul International Film Festival**, and curates and presents a number of themed and niche film festivals and series throughout each year, the most important of which is our **Cine Latino**.
